

Overdose Prevention Class with Naloxone Training Administration and Distribution

Training provides practical information about:

- Ways to reduce the risk of an overdose
- How to identify symptoms of an overdose
- What to do and what NOT to do if you are present when someone overdoses
- How to administer Naloxone (Narcan)
- Information about the new Overdose Prevention Law – PA Act 139

Saturday, June 4th at 10 AM

**UPMC Passavant
Assembly Hall**

9100 Babcock Boulevard
Pittsburgh, PA 15237

Presenters:

Alice Bell, L.C.S.W.
Overdose Prevention Project Coordinator
Prevention Point Pittsburgh

Dennis A. Daley, Ph.D.
Senior Clinical Director of
Substance Use Services
UPMC Health Plan

Naloxone will be available at this training for those in need of a take home supply.

The Overdose Prevention Project provides training on Overdose Prevention & Response to individuals at risk of drug overdose, as well as to staff of agencies who work with individuals at risk and any other individual who might be present at the scene of an overdose and may be in a position to save someone's life.
